The Stefani Vineyard is located in a southwest-northeast corridor connecting the warm hillsides of Sonoma County's Dry Creek Valley and Alexander Valley. The vineyard's unique combination of light fog early in the morning and gravelly clay soil, distinguishes this vineyard from others in the same region.

SMS Certified, the Stefani Vineyard is managed with Sustainable Management Systems that minimize the impact on the environment.

This wine is fully loaded with bright, rich jammy black cherry and currant fruit flavors beautifully balanced with hints of chocolate, spice and toasted oak.
